

ITC North East District Advisor John Rowe

My name is John Rowe and I am the North East District Advisor of ITC. I am in New York and as such the North East District is the district I live in. My qualifications within ITC are as follows.

ITC President for two years

ITC Vice President for four years

Current ITC 1955-1957 Technical Advisor for past 9 years

Current ITC Concours committee for past 10 years

Current ITC Co-Concours Chairman

Current ITC North East District Advisor

Awards received:

Recipient of two ITC President's Awards

Recipient of two ITC Editors Awards

Recipient of Richard Schatz Memorial Award

I authored the judging forms used for all classes of judging. I served as Captain of the concours judging team for over 10 years. I wrote the "Rules and Specifications" for Concours judging of the 1955-1957 Early Thunderbirds. I also wrote the same rules for all other classes of Thunderbirds this book was sold to members and is still used by our concours Chairman today. I rewrote the "Rules and Guidelines" for hosting and running conventions. I rewrote the "Bi-laws" in 2008 and 2009, & 2015. I am the Co-Concours Chairman, I have served on several committees including but not limited to the concours judging committee, the script magazine committee, a membership drive committee, and many more. I served on the 2016 convention committee and I am currently on the convention committee for the 2017 convention. I co-hosted the ITC convention held in Zanesville OH in 2003, I co-hosted the 2008 convention held in Nashville Tenn. I co-hosted Spring Fever held in Kingston New York in 2011. I was a guest speaker at our 2014 convention held in Charlotte NC. I acted as council for "Fall Fling" which was a huge success.

I have been an active member of ITC since 1999. I have worked tirelessly toward building ITC into one of the best clubs dedicated to the preservation of Thunderbirds. While I was president I built the club membership to over 800 members. I worked closely with the printer of the Script magazine (this is the same printer we are using today) my love for ITC is well known by many members, and my dedication to ITC is unparalleled.

Given the opportunity I know I can help build ITC into a world class leader for classic Thunderbird lovers. My personal goal is to serve ITC and its members in the most positive manner possible. I believe I can be a great asset to ITC given the opportunity to serve.

Respectively submitted

John Rowe

North East District Advisor
