

Everett Black  
ITC West District Advisor

Born the son of a car guy. Dad had a 426 Hemi that he shoehorned into a Studebaker Hawk, a '63 Split Window and, a various other vehicles, including a 1988 Thunderbird Turbo Coupe that was his pride and joy. Grew up an Air Force kid in Idaho, Oklahoma, Okinawa (Japan) and Virginia. Married to Stacy (nee) Olson in 1991 with a total of 5 kids; 2 boys and 3 girls.

Retired from the Army in January of 2015 and bought our 2003 Thunderbird having never been inside a Thunderbird, sight unseen, located in Peculiar, Missouri with under 10,000 miles on it and immediately drove it back to Utah in 16 hours, putting another 1,100 miles on the odometer.

Last year Stacy and I drove our Thunderbird from Utah across the United States, attended the ITC convention in Pennsylvania, and ultimately got to Montreal before turning around and coming home. In just under a month we put 6,800 miles on it. This fall we will drive to Victoria, British Colombia, and down the Pacific Coast to San Diego, before heading home again - this time with the top down instead of with the hardtop on.

Currently we live in Utah and are exploring the possibility of re-locating in another year or two but "future us" will worry about that.
