

Hi my name is Jim Koprivech I am the North Central District Advisor.

I live in North Eastern Minnesota where I graduated high school in Nashwauk MN, auto mechanics from Hibbing MN, and Automotive Diagnostic Technician in Alexandria MN. I am an ASE certified Master Auto Technician and have been since 1984. I've worked in the auto repair field for 25 years and am currently working for Hibbing Taconite Company as a mechanic on their 240 ton trucks.

I've owned a 1972 Thunderbird and currently have a 65 hardtop that I restored. I am in the process of finishing a 1955 that I bought partially restored and am thankful for our friends at Casco for having most of the parts I need.

I am looking forward to working with all the great people at ITC and being the North Central District Advisor for the upcoming year.
