

Randy lives in Madison, WI, and is currently the Corporate Director of Procurement for Kalahari Resorts and Conventions. He has been a “car guy” for as long as he can remember and used to get tested by his friends, as a kid, by them pointing to any car and asking him to give the year, make and model. To this day, he has a fairly large collection of Hot Wheels and Johnny Lightning Cars (including many T Birds!). He loves all makes and models of cars but when it comes time to own them, he gravitates toward Fords. Randy currently owns a 1971 Lincoln Mark III and a 1967 Thunderbird named The Boss Bird. Randy is married to his best friend, Donna, is into collecting and restoring classic cars, and has 3 boys - furry, four-legged and that bark a lot!
